Mr. Folkes:

Through our mutual friend, Mr. Tim Campbell, I received a copy of your signed book and loved reading it.

I'm sure you're very proud of your accomplishments and you should be. I certainly was very impressed with your story, and after reading your story, could see no other outcome of your life as being, first, a very generous, and secondly, a very successful man.

I'm so thankful that you had the love of your Grandparents to guide you in your early years. I, as a Grandparent, made sure my Grandchildren knew that they are loved by me, and as they are grown now, nothing has changed.

Your book enriched my life, and my close friends will be reading it.

Thank you
Dennis Greer
