# Melbourne & Michael Folkes Foundation

## MEDICAL CARE INITIATIVE

**Extending health care to children in Jamaica**

"Extending our humanitarian efforts beyond borders and boundaries. It's never about some of us, it's about all of us."

~ Michael A. Folkes

"If we call ourselves successful but do nothing to help others, then how successful are we really?"
– Michael A. Folkes

I'm really happy to have this experience, to help the kids and meet new people. Just happy to offer my expertise.

Alex Wenner, D.D.S.
Dentist

It's my second mission trip to Jamaica and it's always great helping people. There's definitely a great need here and it always feels good being able to help out wherever we can.

Brent Tucker, D.D.S.
Pediatric Dentist

## What to expect on your life-changing 7 day trip to Jamaica as a Volunteer Health Care Provider:

1. You'll invest 5 days administering health and wellness care to those in need
2. You'll enjoy complimentary accommodation in a gated community with a pool, tennis court, gym
3. A private chef providing you a taste of authentic Jamaican food and culture!
4. Enjoy the beach and local restaurants within a 7 minute drive from your luxurious home away from home

It's been such a great experience to be here in Jamaica being able to offer what I can and be able to use my talent for those that are not as privileged. Everyone has been very appreciative and it's very pleasing to my heart to do this

Ronine Zamor, M.D.
Pediatrician

It's wonderful to be here and meet all the local people and the students and have an opportunity to participate in their health care and improve their quality of life in some small measure.

Dan Rauh, N.P.
Nurse Practitioner

**Can't make the trip?** There are still mutually beneficial ways we can work together and make a difference.

We welcome charitable donations such as:

- Medical supplies and equipment
- Dental supplies and equipment
- Pharmaceuticals
- Monetary Donations

The Melbourne and Michael Folkes Foundation was founded and named after Melbourne Folkes, and the impact and legacy he passed unto his grandson, Michael.

Melbourne & Michael Folkes Foundation

It is Michael's hope and vision that the foundation will honor his grandfather while supporting people in working towards their own success and leading fulfilling lives. He believes that bridging the gap between the older and younger generations will foster partnerships between wisdom and imagination and contribute to the nurturing of our future leaders and global communities.
